

LETTER OF INVITATION

CONSULTANCY FOR THE DESIGN OF PRESSURE WASTEWATER RETICULATION SYSTEMS

April 7, 2025

Dear Sir / Madam,

Re: Request for Proposals for Design of Pressure Wastewater Reticulation Systems.

1. Guyana Shore Base Incorporated is embarking on a project to optimize the management of wastewater at all of their Bases.
2. A services and/or goods contract is being launched for the Design of Pressure Wastewater Reticulation Systems at the three locations in Houston and Mc Doom.
3. Given the above, Guyana Shore Base Inc. now invites proposals for the Design of Pressure Wastewater Reticulation Systems. More details on the services are provided in Annex A – Terms of Reference.
4. This Request for Proposal (RFP) is being advertised on the Centre of Local Business Development Portal and GYSBI's Website.
5. A firm will be selected under Quality and Cost Based Selection and procedures described in this RFP.
6. The RFP includes the following documents:
 - Section 1 - Letter of Invitation
 - Section 2 – Instructions to Bidder including Bid Data Sheet
 - Section 3 – Modified Standard Services Contract (Draft)

- a. Annex A – Terms of Reference
- b. Annex C Financial and Technical Standard Forms
- c. Annex D - Quality, Health, Safety, Security & Environment Policies of Guyana Shore Base Inc.
- d. Section 4 – Evaluation Criteria

7. Please inform us at the email address: **tenders@gysbi.com**

Yours sincerely,

Glenn Pasley

Project Director

Guyana Shore Base Incorporated
