

## Request for Quotation

### PROVISION OF SERVICE - ACCURACY CHECK, CALIBRATION, TROUBLESHOOTING, REPROGRAMMING, AND REPAIR OF ALCO-SENSOR VXL AND FST BREATH ALCOHOL TESTERS

#### 1. INTRODUCTION

Guyana Shore Base Inc. (GYSBI) invites qualified and experienced bidders to submit Quotation for the Supply and Delivery of Accuracy Check, Calibration, Troubleshooting, Reprogramming, and Repair Services for Alco-Sensor VXL and FST Breath Alcohol Testers for our facility at Houston, East Bank Demerara.

#### 2. PRODUCT REQUIREMENTS

- Delivery Location: GYSBI Port Facility, Houston, East Bank Demerara.
- Objective: To provide accuracy check, and as needed, calibration adjustment, troubleshooting, reprogramming, and repair services for Evidential Breath Alcohol Testers – Alco-Sensor VXL and FST Devices
- Key Consideration: See specifications below.

#### 3. REQUIREMENTS FOR QUOTATION SUBMISSION

Interested contractors must provide the following documents:

- Local Content Certificate (if available). If no Local Content Certificate is available, Guyanese-registered businesses can provide evidence of majority-Guyanese ownership and indication that local content certification is being or will be pursued.
- Valid Business Registration or equivalent
- Valid GRA & NIS Compliance
- Any Other Certification

#### 4. SUBMISSION DETAILS

- Date published: July 11, 2025
- Deadline for Submission: August 11, 2025
- Submission Format: Single PDF document
- Submission Email Address: tenders@gysbi.com
- Clarifications & Queries: All inquiries can be submitted to the email address above

## 5. DISCLAIMER

This RFQ does not constitute a solicitation for bids or an offer to contract. Guyana Shore Base Inc. reserves the right to accept or reject any submission at its sole discretion and to proceed with the procurement in any manner it deems fit.

## TECHNICAL SPECIFICATION

| Description of Requirement                                                                                                                                                                                                                                                                                                                                                                           | Specification                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | Quantity                                  |
