

QUALITY, HEALTH, SAFETY, SECURITY, AND ENVIRONMENT (QHSSE) POLICY

Guyana Shore Base Inc. (GYSBI) provides an array of Shore Base, Logistics, and Industrial Park Services. With continual improvement at the forefront, the company aims to effectively advance its expertise to ensure that the needs of all relevant interested parties are consistently met.

In support of this, GYSBI is committed to:

- Meeting specified customer requirements related to our service scope and ensuring customer satisfaction.
- Adhering to all applicable statutory and regulatory requirements, along with those outlined within relevant standards.
- Setting clear objectives for QHSSE performance with measurable performance indicators and empowering personnel to make interventions to prevent unsafe acts and eliminate unsafe conditions.
- Promoting employee well-being and ensuring a safe, healthy, and secure working environment by minimizing risks and removing identified hazards as far as reasonably practicable, to prevent work-related injuries and ill health.
- Ensuring effective consultation with employees on issues related to quality, occupational health and safety, security, and the environment.
- Minimizing environmental impacts through the reduction of pollution, emissions, and waste, and recycling where applicable.
- Maintaining and continually improving its integrated QHSSE Management System.

To ensure our QHSSE Policy remains consistent with the company's strategic direction, it shall be annually reviewed, or otherwise as required, and appropriately communicated to all relevant parties.
