REQUEST FOR PROPOSALS (RFP)

GYSBI OPERATIONAL SURFACE UPGRADES

1. INTRODUCTION

Guyana Shore Base Inc. hereby invites qualified and experienced bidders to submit proposals for **GYSBI OPERATIONAL SURFACE UPGRADES** for Guyana Shore Base Inc., Houston, East Bank Demerara.

2. PROJECT OVERVIEW

The proposed project comprises the upgrade of selected operational roads, working areas and heavy-use surfaces within the GYSBI Shore Base (GSB), Houston, East Bank Demerara, Guyana. The works generally comprise the preparation and construction of asphalt road and operational surfaces and concrete paver areas, together with associated grading, drainage interfaces and ancillary civil works.

The current surfacing strategy generally comprises:

- Concrete Pavers – Areas 8, 9 and 10
- Asphalt – Remaining roadways and additional areas identified within the Scope of Work and tender drawings

3. KEY CONSIDERATIONS: Refer to the issued Scope of Work and associated Lanier engineering package. (Please email tenders@gysbi.com for Associated Lanier document if not accessible)

The Lanier engineering documentation establishes the technical basis for the existing site geometry, levels, grades, slopes, cambers and drainage requirements.

Tenderers shall review the complete tender package and develop their proposal, accordingly, including any adaptation required for the asphalt surfacing identified within the Scope of Work.

The Shore Base will remain operational throughout the Works. Tenderers shall therefore include a proposed phased construction sequence and methodology designed to minimize disruption to ongoing GYSBI operations and maintain safe access wherever reasonably practicable.
The proposed sequence will be subject to review and potential modification by GYSBI prior to commencement of the Works.

6. DISCLAIMER

Guyana Shore Base Inc. reserves the right to accept or reject any submission, request clarification or additional information, amend the tender process or scope, and proceed with the procurement in the manner considered most appropriate by GYSBI.

While GYSBI's preference is to award the Works to a single contractor, the Works have been structured into distinct sections. GYSBI therefore reserves the right to award the Works as a whole or in part, including the award of individual sections to different contractors, where this is considered to provide the best overall commercial and operational outcome.

Participation in this tender process does not guarantee the award of a contract.

GYSBI looks forward to receiving proposals from suitably qualified contractors capable of safely and efficiently executing the Works within an operational Shore Base environment.
